Dear Brett

I wanted to say a huge thank you for all the help you have given me.

As you know, I'm not really a 'systems' person however I knew I needed to put some systems in place in my business to help me progress. You have helped me do this quickly and painlessly and I even understand the rational behind it all. The great thing was that I enjoyed the journey and had fun learning; that says a lot for your style of coaching.

Since I've put the systems in place I've noticed that I am so much more organized. I also use my time more effectively and feel confident and relaxed when I contact prospective clients and I have definitely seen results.

The bonus for me is that your coaching has helped me secure several corporate clients for both Team Coaching and Training and I am also coach/mentoring several business managers.

I recommend you to anyone who needs focus, support and systems put in place to take their business to the next level. It certainly worked for me!!!

Many thanks and keep up the good work.

Warmest regards
